1. The following railroad telegram

"Railroad Directorate in Erfurt
Department East

12 August 1950

Ordinance No 10 of the SCC, dated 12 August 1950

To all railroad stations within the district

All railroad stations which dispatch shipment-No trains and
trains of the German-Russian Transport Company (Derutra) must
post warning signs in conspicuous spots throughout the station
area. These will read as follows:

Only persons with special permits are authorized to enter
loading installations. The security personnel and officials
of the railroad police were advised to challenge and use their
firearms in case of non-compliance with this order.

Signed: Hielscher. " *

50X1-HUM

* Comment. This security measure appears credible in connection
with the intensified counter-espionage and counter-sabotage activi-
ties ordered by the SCC for all railroad operations. Similar mea-
sures have not been reported from other railroad districts. Ship-
ment-No trains are trains run in the interest of Soviet military
and civilian agencies and which carry troops, supplies, materiel,
etc. Purely German shipments have no shipment-Nos. They are given
only the train and schedule numbers required for routine operations.
